METAL RECYCLING SPECIALISTS

## Health and Safety Policy Statement

We acknowledge and are committed to the principles of developing and maintaining a strong Health and Safety commitment within our organisation. We will ensure that all business activities are conducted and managed in such a way as to preserve as practicably as possible the health, safety and welfare of all our employees, visitors, customers, contractors who work or are visitors at our site at Parr Bridge Works, Mosley Common Road, Tyldesley, Manchester M298PR .

OUR OBJECTIVES ARE:

- To demonstrate a visible commitment to the management of Health and Safety within this company.
- To monitor our safety performance against realistic targets set by ourselves.
- To achieve and maintain a progressive improvement in Health and Safety standards across all aspects of our business.
- To comply with all Health and Safety legislation, codes of practice and formal guidance applicable to all our work activities.
- To develop, provide and continue with safe systems of work for all employees.
- To maintain all plant, vehicles, equipment and buildings to the highest possible standard.
- To provide a safe environment for all customers and visitors.

To achieve these objectives, Maxilead Ltd will:

- Produce task related risk assessments for all work activities and plant.
- Produce COSHH assessments for all hazardous substances that are handled on our site.
- Investigate all accidents / near misses and take positive actions to prevent any recurrences.
- Ensure that all employees are trained and have the correct resources to enable them to undertake their responsibilities in a safe and efficient manner.
- Communicate and consult with all employees about health, safety and welfare issues of mutual concern.
- Provide information and guidance to all visitors and customers to our site.
- Develop and maintain a Health and Safety training programme for all new employees.
