

# MAXILEAD METALS

METAL RECYCLING SPECIALISTS

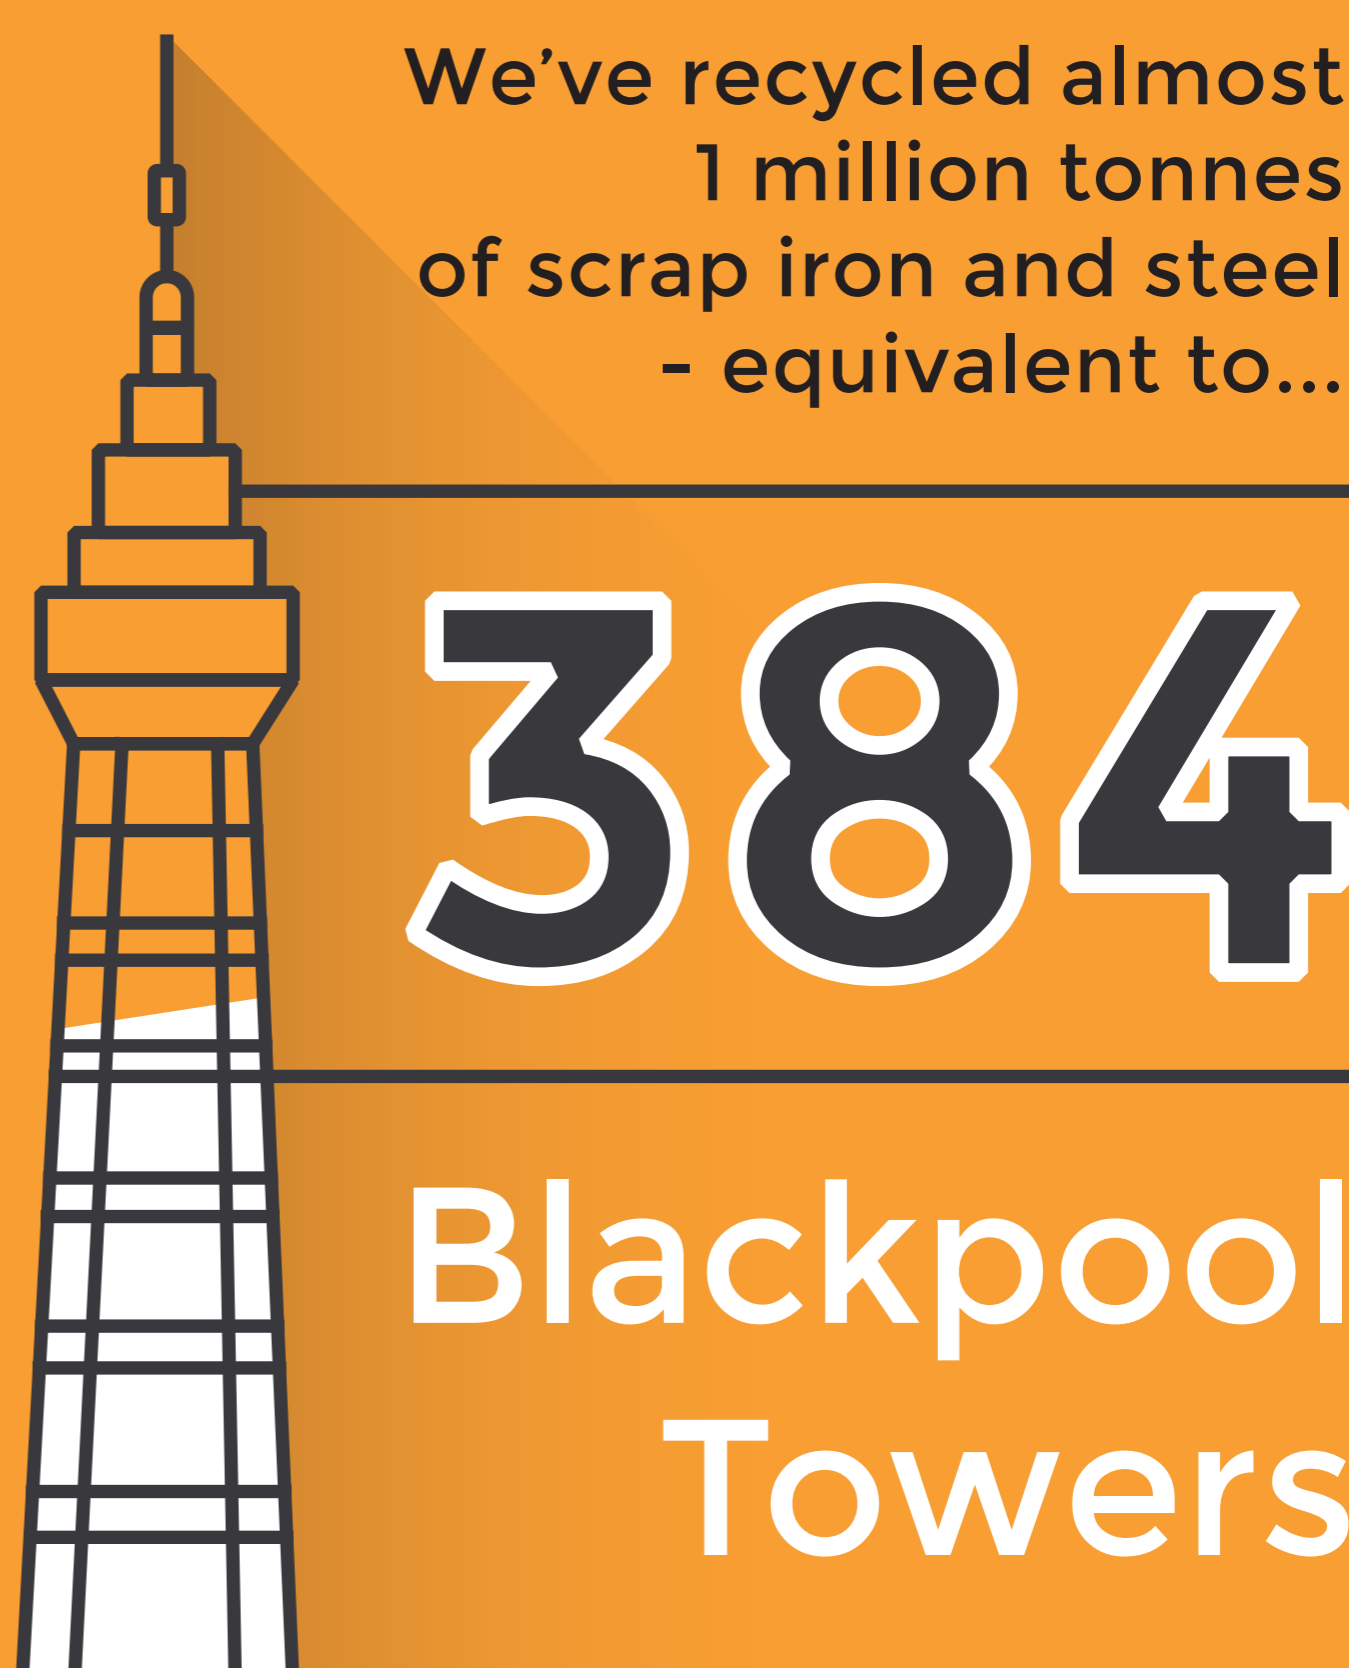

Peter started Maxilead Metals in a stable with nothing more than a pair of butcher's scales and a family to feed.

The company has now grown to an impressive size and all five of Peter's children work full-time in the business. Take a look at our family's 30 years in business. We'll let the numbers do the talking.

In the past 30 years we've served **1,241,306 customers** - enough to fill Old Trafford over...

We've recycled almost 1 million tonnes of scrap iron and steel - equivalent to...

Each month our fleet of vehicles travels over **25,000 miles** delivering and collecting scrap metal, enough to go around the equator.

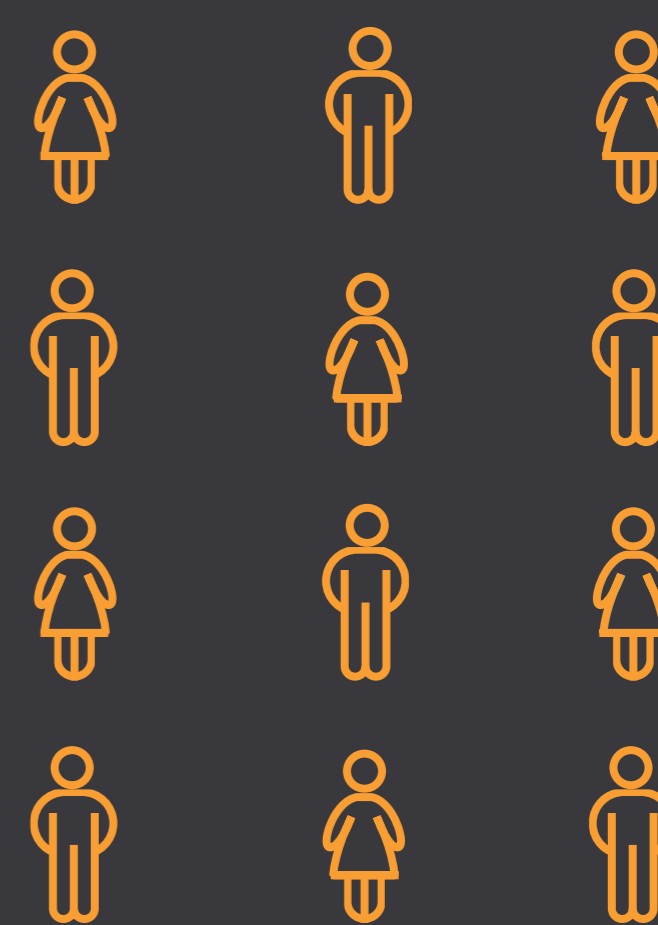

In a year our fleet travels **301,108 miles** - enough for a trip to the moon.

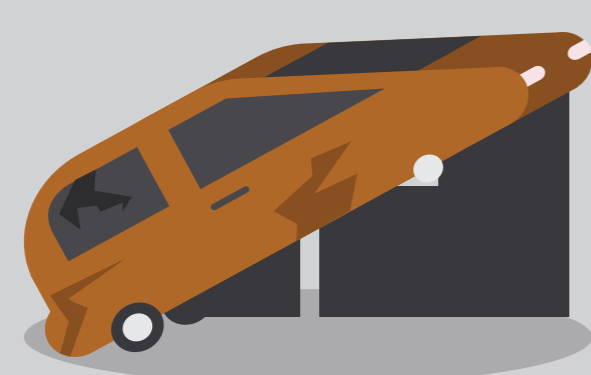

Our workforce has grown by

**3,600%**

in the last 30 years.

The top 5 most commonly "weighed in" items are:

01.   
Scrap cars

02.   
Washing machines

03.   
Kitchen sinks and taps

04.   
Copper cylinders

05.   
Bed frames

Strange things found on the "scrap heap":

- Polecat
- 100-year-old newspaper
- Tortoise
- 50 year old Wigan RLFC Rugby Programme

Unusual items "weighed in":

We have

**336**

skips on customer sites nationwide.

  
A empty hearse

  
Manchester City's goalposts

  
The X-Factor stage

  
A van used from a crash scene in Coronation Street

  
A Plane

  
Seats from the Phones 4U Arena

**Celebrating 30 years in business**
